

# Cordry-Sweetwater Conservancy District

## ECOLOGY COMMISSION

*Superintendent's Monthly Report*

**FEBRUARY 2021**

### **I. Project Updates**

- Coffey Dams: This year we will be rebuilding a coffer dam between Black Bear and Cougar Drives. We have a design in place and are currently accepting bids/ estimates.

### **II. Dam Updates**

Our engineers are currently starting the work for the Cordry Lake Dam Hazard Classification Assessment. This will include a topographic survey, hydrologic and hydraulic analysis, and inundation mapping.

After this important step a spillway capacity analysis will be completed.

### **III. Other Information**

- The free seminar on Purple Martin and bird habitats is February 6<sup>th</sup>
- Rusty Fields will be installing the remaining bat boxes as a volunteer project at the Lakes.
