

MOTORCYCLE RIDER INJURED AFTER CRASH

ABOVE IS YOUR OFFICERS

Pictured above and left shows the damaged motorcycle after a rider goes down with his bike. CSCD Officers worked the evening crash on the east end of Cordry Lake Dam last week. The rider was taken to Methodist IU Hospital Emergency Room in Indianapolis with severe injuries. Cordry Sweetwater Fire Department attempted to get Life

Line but with the incoming weather they were not able to fly.

LOOKING FOR PICTURES

If anyone has pictures of officers from the past please contact me at the CSCD Office 317-933-2893. I am attempting to put together a display with Officers who have worked here in the past.

Thank You

SPRING STORMS ARE HERE. This house was damaged May 13, 2018 when high winds came through the Cordry Sweetwater area causing damage to at least 2 homes. No one was injured.

CSCD OFFICERS ATTEND QUALIFICATIONS.

All officers attended firearms training May 8th and/or May 9th. This consisted of our Firearms Training Officer going through the skills and making sure our weapons were sighted in and operating correctly.

After they were checked all officers had to qualify with any weapons they were going to be carrying. If you don't qualify with any of the weapons, you can't carry them.

SIGN RULES AND REGULATIONS

It is the season for garage sales, open houses and other functions where people put signs out at the intersections. On page 12 (TEMPORARY SIGNS) PARAGRAPH 2 says Temporary signs may not be up over 72 hours at a time. If they are left up they will be removed by CSCD staff. Please help us by taking down your signs after your 72 hours is up.

THANK YOU FOR YOUR HELP!!

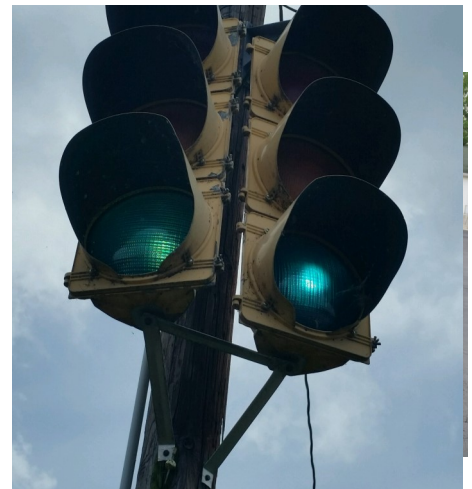

CSCD OFFICERS ATTENDED EMERGENCY VEHICLE OPERATION

On May 31, June 1 or 2 Officers attended mandatory emergency vehicle operations class put on by the Brown County Sheriff's Office.

The training consisted of a driving course that all officers had to complete in a certain amount of time. There was backing, going through a serpentine, parking, high speed threshold braking and traffic stops just to mention a few. All

CSCD officers made the training which was a great experience. Best thing was NO ONE CRASHED!!!

IDLE LIGHTS ARE SET FOR 10:00AM GREEN & 8:00PM YELLOW

GREEN: LAKE IS OPEN FOR NORMAL ACTIVITY.

YELLOW: IDLE SPEED ONLY

RED: LAKE IS CLOSED FOR BOATING

NEW BOAT DECALS DUE THIS YEAR

If you have not purchased this years boat decals you need to stop by the CSCD Office and renew them. They expire June 15 of this year. To the left is a picture of what they look like. Motorized boats are purple and non-motorized are blue.

- Power/Speed Boats: \$80.00
- Pontoon/PWC: \$80.00
- Fishing Boat: \$40.00
- Non-motorized: \$10.00

SUSPICIOUS ACTIVITY!

CALL THE NUMBERS LISTED BELOW

EMERGENCY 911 OR 812-988-6655

CSLOA Bike Parade

On May 28 at 11:00AM CSCD Officers and the Fire Department assisted the CSLOA with their annual Bike Parade for the kids. Cordry Dr. was blocked off between the Clubhouse and the CSCD Office until finished.

WATCH YOUR SPEED!!!!

The speed radar sign you see out in different locations tells us a story. It will give us a record of the fastest and slowest car to pass it, the date and the time. This data is used to know when we need to be there. It also counts the number of cars that went by. For instance we had it on Sunset Dr. for a week. There was an average of 367 cars went past. Average speed 25 MPH.
